Refer to Annexure for Details of Instruments & Bank Facilities

#### Detailed Rationale

Crisil Ratings has assigned its 'Crisil BBB+/Stable' rating to Rs 100 crore non-convertible debentures (NCDs) of Indel Money Limited (Indel Money). The rating on the other non convertible debentures and bank loan facilities have been reaffirmed at 'Crisil BBB+/Stable'.

The ratings continue to factor the extensive experience of the promoters and top management in the gold financing business, adequate capitalisation supported by regular infusions, and sound asset quality. These strengths are partially offset by the average, though improving, earnings and geographical concentration in operations.

Steady growth in portfolio resulted in assets under management (AUM) reaching to Rs 2,334 crore as of March 2025 from Rs 1,534 crore as of March 2024. The scale-up in portfolio is also visible in AUM per branch increasing to Rs 5.7 crore as on January 31, 2025, from Rs 5.36 crore as on March 31, 2024, and Rs 4.6 crore as on March 31, 2023. Moreover, portfolio quality has also been maintained with 90+dpd (days past due) at 1.3% as on March 31, 2025, marginally increasing from (0.5% as on March 31, 2024 & 1.6% as on March 31, 2023). The company benefits from having over 93% of its portfolio in the gold loan segment wherein the asset quality is manageable due to the liquid nature of the underlying asset. Nevertheless, with expansion of the portfolio into newer geographies, the ability to replicate strong checks on systems and processes will remain monitorable.

Despite being operational for over 12 years, the substantial improvement in profitability is only visible in the last 4-6 quarters. During fiscal 2025, return on managed assets (RoMA) stood at 1.9%. However, profitability has been impacted during recent quarters due to the yield pressure. The average RoMA has been 1.9-2.4% during the last two fiscals. Expansion into new states in the last few years led to high operating costs of 5.5-6.0% in fiscal 2025, however, operational efficiency in portfolio (growth from both new and old branches) has been improving since the last 3-4 quarters. Nevertheless, with further ramp-up in operations, the ability to maintain profitability will remain monitorable.

On April 9, 2025, the Reserve Bank of India (RBI) released draft directions on loans against gold jewellery. These draft directions propose to have a harmonised regulatory framework for such loans applicable across various regulated entities. The draft directions also propose to address the concerns observed relating to some of the lending practices being followed and provide necessary clarity on certain aspects. Further, these directions also focus on enhancing transparency and protecting consumers by standardising procedures across entities. Nevertheless, given the directions are at draft stage, any impact on the credit profile of entities (including Indel Money) will remain a key monitorable.

## **Analytical Approach**

Crisil Ratings has considered the standalone business and financial risk profiles of Indel Money

## **Key Rating Drivers & Detailed Description**

### **Strengths:**

#### **Experienced promoters and management team**

The extensive experience of the promoters and senior management team, with the addition of independent directors, should continue to support the business. Mr Mohanan Gopalakrishnan (chairman and managing director) is a banking professional with more than 38 years of experience in the Gulf Cooperation Council. He was also the head of trade finance operations of the United Arab Bank for 11 years commencing from 2001. Mr Umesh Mohanan (executive director and CEO) managed a Middle Eastern conglomerate, spearheading its global operations for 12 years till 2016. Apart from the promoter directors, the board members of the company consist of prominent independent directors such as Mr N S Venkatesh (CEO of Association of Mutual Funds in India), Mr C R Sasikumar (former deputy managing director State Bank of India) and Mr S Ganesh (former principal chief general manager of RBI).

#### **Adequate capitalisation supported by regular capital infusion**

Capitalisation has remained adequate for the current and expected scale of operations. Networth increased to Rs 319.5 crore as on March 31, 2025, from Rs 211 crore as on March 31, 2024, and Rs 163 crore as on March 31, 2023, while gearing improved to 4.4 times from 4.3 times, and 4.9 times. This was driven by healthy cash accrual as well as capital infusion of Rs 10 crore by the promoters in fiscal 2024. The promoters have infused Rs 63 crore till date in fiscal 2025 in addition to the issuance of bonus shares of Rs 37 crore. Capital position is also expected to benefit from steady accretion to reserve and sustained improvement in profitability. Nevertheless, with ramp-up in operations, gearing may remain weak around 6 times on a steady-state basis over the medium term. Any deterioration in gearing beyond the committed threshold will be a key rating sensitivity factor.

#### **Sound asset quality in the gold loan segment**

The company monitors the portfolio monthly on a mark-to-market basis and focuses on interest collection and reduction of the risk portfolio. Asset quality for gold loans, as better measured by credit costs, has been sound with the ultimate credit costs remaining nil for fiscal 2025 against 1.9% in fiscal 2024. 90+dpd (days past due) was around 1.3% as on March 31, 2025 (0.5% as on March 31, 2024), against 1.6% as on March 31, 2023. However, the company underwent a revision in non-performing asset (NPA) recognition policy from the fourth quarter of fiscal 2024 (post regulatory observation). The company, earlier, was recognising NPAs on account-wise basis and this was revised to customer/borrower-wise from the fourth quarter of fiscal 2024. Owing to this revision, the overall gross NPAs of the company went up to 5% as on March 31, 2024, and 4.4% as on December 31, 2024. However, the same has significantly improved and stood at 1.9% as on March 31, 2025. The increase, in earlier quarters, was also partially due to de-growth in non-gold loan portfolio.

Nevertheless, as far as gold loans are concerned, the ultimate credit costs are expected to remain low on account of low asset-side risk (security of gold, which is liquid and is in the lender's possession) in the gold finance business. However, the ability of the company to improve on its asset quality within non-gold loan (SME) segment will remain key monitorable

### **Weakness:**

#### **Average, though improving, earnings profile**

Indel Money started reporting profits only from fiscal 2017 and had modest return on assets (RoA) of 0.3-0.8% over the four fiscals through 2020. While the company scaled up operations substantially, earnings (in terms of both absolute profits and RoA) are lower than those of large gold loan financiers. Profitability was affected by high operating expenses as expansion in the gold finance segment in the past three fiscals led to high expenses (mainly for setting up branches).

Nevertheless, with improvement in scale, profitability also increased steadily leading to average return on managed assets (RoMA) of ~2.1% during the two fiscals through 2024. The company reported a profit after tax (PAT) of Rs 44.6 crore and RoMA of 1.9% in fiscal 2025, against Rs 39.9 crore and 2.4%, respectively, during fiscal 2024. Operating expenses have remained in the range of 5.3% to 6.0% during the last two fiscals. With improvement in scale (primarily in newer branches), operating expenses are expected to come down over the medium term. As the portfolio scales up, the ability to raise resources at competitive costs will be key for further improvement in the earnings profile. Additionally, management of timely auctions, and therefore, credit costs will be a key determinant of profitability over the medium term.

#### **Geographical concentration in operations**

The company had 363 branches as on January 31, 2025 (286 branches as on March 31, 2024), with operations concentrated in Karnataka (24%), followed by Tamil Nadu (21%), Andhra Pradesh and Telangana (16%), Odisha (18%), Maharashtra (8%), Madhya Pradesh (3%) and Kerala (2%). Indel Money has diversified operations in Andaman and Nicobar, Delhi, Haryana, Uttar Pradesh and Gujarat during fiscal 2025. Further, it plans to expand in West Bengal and Rajasthan.

### **Liquidity: Adequate**

The company has a policy of maintaining a liquidity cover of 1 time for debt obligation arising over the upcoming month, in addition to the sanctions under pipeline. Overall free liquidity stood at Rs 45 crore as on April 25, 2025, in the form of cash and equivalents and CC/WCDL limit of Rs 15 crore. Indel Money has maintained several investments through a holding company, Indel Corporation Private Limited. The promoters have articulated that some of these investments can be liquidated (if needed) or funds can be generated via dividends. Additionally, in their personal capacity, the promoters hold overseas investments that can be liquidated in case Indel Money requires any fund. Average monthly collection stood at around Rs 390 crore (including prepayments) between April 2024 and March 2025. The company also has the option to lower disbursements to manage repayments. As a policy, the promoters review liquidity and debt repayment on a weekly basis and accordingly decide on incremental disbursements.

### **Outlook: Stable**

Indel Money will continue to benefit from the extensive experience of its management and its adequate capitalisation and sound asset quality.

## **Rating Sensitivity Factors**

### **Upward Factors**

- Ramp-up in operations with decline in regional concentration
- Significant increase in absolute earnings with RoMA improving to over 3% on steady-state basis
- Ability to enhance funding mix with higher proportion of bank funding along with reduction in cost of borrowing
- Improvement in capital position with gearing remaining below 5 times

**Downward Factors**

- Deterioration in profitability, with RoMA remaining below 1.5%
- Weakening of asset quality metrics or increase in credit costs

**About the Company**

Indel Money, a non-deposit-taking NBFC, was incorporated in 1986 as Payal Holdings Pvt Ltd. It was acquired by the current promoters in July 2012 and got its current name in January 2013. Indel Money primarily extends loans against gold jewellery. It also operates in the traders' loans, business loans, loans against property, vehicle loans, and money transfer segments. Indel Corporation Private Ltd, the holding company, is promoted by Mr Mohanan Gopalakrishnan and Mr Umesh Mohanan. It operates in the hospitality, and media and communication segments through various companies.

### **4. Gold storing and safety measures.**

The Strong Room/Safe operations should be carried out strictly by following the principle of Joint Custody as the Joint Custodians (JCs) are jointly and severally responsible and accountable for the securities held inside. Both the custodians should jointly open the safe room/safe by independently applying their respective keys and be present there till the safe room is closed after the operation.

Under no circumstance one person should hold both the Key Sets at the same time. As a responsible employee of the organization the persons who are entrusted with the keys are acting as the trustees for the securities held in the strong room. They should know the seriousness of the joint operations and mere trust of another person may unnecessarily invite trouble to him/her, even affecting the job.

The following points are to be strictly adhered to under joint custody operations:

1. Safe should always be kept locked except when it is opened for deposit/ Withdrawal of gold packets/ cash.
2. The keys should not be entrusted to any other person for operations and each operation should be carried out jointly by the Joint Custodians (JCs). Both the keys should not be entrusted to one of the custodians for operating under any circumstances
3. Other staff especially staff dealing with gold loans (except when he/she is a joint custodian) should not be allowed to enter the safe room
4. Withdrawal / deposit of gold packets are carried out by the Manager in the presence of the Joint Custodian (JC).
5. Each set of keys are to be held by the Joint Custodians (JCs) individually and at no point of time should both the sets of keys be with one of the custodians.
6. Sub-staff and security staff are not permitted to enter the safe room.
7. Keys should not be left in the safe/ safe room door itself after the operations.
8. During the office hours the keys should be kept in separate drawer duly locked.
9. Keys should not be kept in the office drawers/ inside the branch premises overnight under any circumstances.
10. While commuting to /from the residence the custodian should take extra care to keep the keys safely with them and has to be kept in the house, in a secured place not accessible by others.
11. Custodians should not leave the keys in the branch if they leave the office for any reason.
12. Only under emergency and most unavoidable situations the keys can be temporarily held by a staff other than the Joint Custodians (JCs) after obtaining prior permission from the Area/Regional Manager/AGM and with clear recording in the key movement register. Such instances should not be a routine and Corporate office should be informed of the same for information/guidance.
13. Sub staff/ security staff should not be allowed to hold the joint custody keys under any circumstances.
14. The joint custody Keys shall not be entrusted on a regular basis with the Management Trainees or with the Staff Trainees. However under exceptional situations, same is permitted with written approval from competent authority (Head Operations)
15. Joint Custodians (JCs) should invariably ensure that both the keys are applied for closing the safe room/Safe door before leaving the office.

When the Manager wants to avail leave or leave station for official or personal purposes, prior permission should be obtained from competent authority/Corporate office and proper handing over of the keys held by him to the authorized staff should be made before leaving station with necessary recordings in the key movement register.
